

Tax Relief

Can I claim Tax Relief?

Income tax relief is available to our customers or their relatives at their top rate of tax, subject to conditions. This means that you could receive tax relief of up to 40% of the cost of our service. It is also possible to claim this relief as part of your tax credits, thereby receiving the benefit as part of your weekly or monthly salary.

How much can I claim?

Your marginal rate of Income Tax is used to determine the amount you can claim. That's either 20% or 40%, depending on your circumstances. In either case you can claim up to €75,000 in any one Tax Year (based on 40% tax rate).

Weekly Cost	€350
Relief @ 40%	€140
Net Cost	€210
That's €15 per hour	

Who else can claim?

You, your spouse or a relative. A relative includes relation by marriage and also a person for whom the claimant is, or was, the legal guardian.

Do I pay VAT on the Service?

No. The services offered by Bluebird Care are VAT exempt.
